

Our energy future: whose side are you on?

or

We can continue to burn money on ever more expensive imported fossil fuels. Or we can invest in measures that will help create up to 2 million European jobs, reduce our environmental footprint and prevent more Europeans falling into fuel poverty.

The choice is yours. **Support a 3% renovation rate in the Energy Efficiency Directive.**

11 October 2011, Renovate Europe Day
Join us to hear why we need to Renovate Europe.
